

# Moodle Work Place 管理者画面

# ランチャーメニュー

管理権限が与えられたアカウントでログインすると、権限に応じた管理メニューが表示されます

The screenshot displays the Moodle Workplace interface for a user with administrative privileges. The top navigation bar includes the company name "株式会社XXX様", tenant information "DEFAULT TENANT", and navigation links for "ホーム" (Home) and "ダッシュボード" (Dashboard). A notification bell and a user profile icon are also present. A red circle highlights the launcher menu icon (a 3x3 grid) in the top right corner. A red rectangle highlights the launcher menu itself, which is a grid of nine management icons: "コース" (Courses), "プログラム" (Programs), "認定" (Certifications), "修了証" (Certificates), "組織構造" (Organization Structure), "ユーザ" (Users), "テナント" (Tenants), "レポートビルダー" (Report Builder), and "ダイナミックルール" (Dynamic Rules). The main content area shows a "コース概要" (Course Overview) section with a search filter set to "すべて" (All) and a "表示" (Display) dropdown also set to "すべて". A "コースなし" (No Courses) message is displayed in the center. The footer indicates the user is logged in as an "EL サイト管理者" (EL Site Administrator) and provides the "Powered by Moodle Workplace" logo.
